

# PRO SERIES COMPOSITE LANDSCAPE EDGING

# SMARTEDGE®

**MADE FROM POST-CONSUMER RECYCLED MATERIALS**

## The FiberTech Advantage

FiberTech Ploymers, LLC, proprietary raw material and manufacturing process converts landfill bound wood-fiber and plastic waste into durable, aesthetically pleasing building products. These products retain the natural look and feel of real wood but require little to no maintenance.

SmartEdge® landscape edging offers significant durability advantages over competing wood (rotting), plastic (warping), steel (rusting) and fiberglass (cracking) products, in many cases, at a lower cost. SmartEdge® is easily installed and is suited to a variety of commercial and home applications.

## OUTPERFORMS PLASTIC, METAL, WOOD AND FIBERGLASS!

### AVAILABLE BOARD COLORS

**FORREST GREEN**

**DARK WALNUT**

**SIERRA RED**

**COASTAL CEDAR**

### STAKES

**COMPOSITE STAKES**

**SMARTSTAKE®**  
(1/2" x 4" only)

### FEATURES

- Commercial Landscape Use
- Easy installation using SmartEdge Composite Stakes or SmartStakes® (1/2" x 4" only)
- True wood aesthetics and colors easily compliment any landscape

### PERFORMANCE

- No expansion or contraction
- Resistant to rotting, warping and heaving
- Resistant to algae, mold or fungus
- Safer than steel

### APPLICATIONS

**GARDEN-CURVED BORDER**

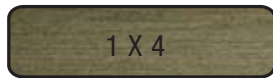

**GARDEN-STRAIGHT BORDER**

### PROFILES\* (W X H X L)

\*Not to Scale

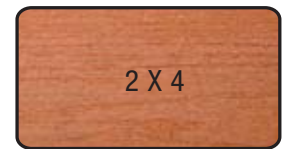

**1/2 X 4**  
(5/16" X 3 1/2" X 16')

**1 X 4**  
(5/8" X 3 1/2" X 16')

**1 X 6**  
(5/8" X 5 1/2" X 16')

**2 X 4**  
(1 1/4" X 3 1/2" X 16')

## THE FACTS...OUR COMMITMENT TO ENVIRONMENTALLY RESPONSIBLE LIVING

### THREECYCLING™

FiberTech's unique manufacturing process combines recycled fiber and HDPE plastic to make our eco-friendly family of landscaping products.

### Eco-Friendly

All wood-fiber raw material used in our products is reclaimed from recyclers waste that would otherwise go to landfills.

### Sustainable

No trees are harvested in the manufacture of FiberTech products. Our products are ISO 14021 certified by Scientific Certification Systems (SCS), to have a minimum of 90% post-consumer recycled content.

### EPA Recognized

FiberTech Products are recognized as an EPA ally in the fight to preserve the earth's precious natural resources. The GreenScapes program provides cost-efficient and environmentally friendly solutions for landscaping.

<b>Recycled Content</b> 	61	122	117	247	4
(Total Number of Recycled 1/2 Gallon Cardboard and Plastic Milk Jugs per 16 feet of each board)					

## QUICK FACTS

1. Certified by Scientific Certification Systems (SCS) to have a minimum of 90% Post-Consumer Recycled Content.
2. Rot and Termite Resistance tested in accordance with AWPA Standard E 1 (Mississippi State University).
3. Moisture Absorption tested in accordance with ASTM D 1037-99 and ASTM D 7031-04 Section 5.19 (Washington State University) to be less than 1%.
4. Minimum Recommended Arc Radius for 1/2 x 4 Board - 10"
5. Class B Fire Rated.

## HOW TO SPECIFY

*FiberTech Polymers, LLC also manufactures high-durability fiber reinforced composite fencing under the TimberWolf® brand.*

*Contact your local Sales Representative for more information.*
